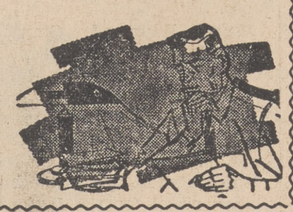
The DIMMER VIEW

by Max Goodwin



Why the Woolly Whitefly Spray

The woolly whitefly has some of our residents uptight.

Well, not the fly itself as much as the men who are state mandated to eradicate the pest.

There have been rumbles of killed pets, ruined trees, and sickened residents — all the result of California State Department of Agriculture spray program in which citrus trees are given a heavy-spray of pesticide.

In the Lemon Grove-Spring Valley area, two of three treatments have been applied. The next one is due in five or six weeks according to James R. Carlin and Don Fiskaali, officials of the spray-in.

One local complainant said he was told his trees would be removed by force if the spraymen were denied. "I'll use my machete to protect my trees," the resident threatened.

"The threat won't work," says Carlin, whose exact titles are County Program Supervisor and Deputy Agricultural Commissioner.

'The only thing that will save his trees is our spray," he said. "The law requires that we eradicate this pest to prevent its spread from the Lemon Grove, Spring Valley, National City, Encanto, and Chula Vista areas, to other parts of the state."

"We use an almost harmless material called Diazinon and water. It is a 50% wettable powder which we dilute one pound to each 100 gallons of water. A person could drink a cupful without harmful effects," he said. If the powder were compressed to tablets it would have about the same potency as an aspirin. We have not even been able to associate any allergies with its use, he said.

If the Woolly Whitefly infestation should spread, it would cost millions of dollars in loss to citrus plants before the end of the year and the price of citrus would skyrocket, according to Fiskaali, a state economic entymologist.

One of the reasons for whatever resentment there is to the program is that it is an emergency program. There was no long period of public education. The law says spray — so get in and spray is pretty much the instruction to the 96 state and 5 county men spraying nearly 16,000 area properties.

Another contribution to the spray unrest is the official notice. It advised that no fruit be harvested for 21 days and that pets be housed on the spray date. That suggests strong poison.

If citrus trees (and the Mexican guava) are left alone for 21 days the whitefly cycle will be interrupted. The only concern about early harvest is that marmalade producers might innocently buy treated oranges and their product would show a Diazinon content. Tomatoes, by comparison, require only a one day wait when sprayed with Diazinon.

Pets are required to be housed to protect the sprayers as well as the pets. The harm to pets might be physical due to contact with a high pressure spray stream.

Unfortunately, the official notice did not explain this. At worst, it is a case of poor public relations.

Woolly Whitefly was first found in the Palpa Valley of Peru in 1965 when the entire citrus crop was wiped out. It was later found in Mexico and Florida. These areas are now under control. The outbreak here did not come from Mexico, Carlin said. No one knows how it got into the 20 square miles control area "but we're under instructions to eradicate it. There won't be any Woolly Whiteflies here when we leave," he said.

For those who have doubts, Mr. Carlin will visit with the resident personally. He has a radio-telephone in his car. He can be reaced at 278-9200 ext. 491.

John Duffy In Race For Sheriff

Sheriff Capt. John F. Duffy of Vista has filed papers for the race for San Diego County sheriff.

Duffy, 40, has commanded the Sheriff Department's largest division, the jail division, for the past two years. Prior to that he was chief of detectives and commander of the North County Sheriff's Station.

A veteran of 17 years with the department, Duffy has a broad base of experience with many of the department's divisions and has served throughout the county.

A graduate of Grossmont High School, Duffy attended San Diego City College, Los Angeles State College and the FBI National Academy in Washington, D.C. He has participated in numerous management and law enforcement courses.

Duffy considers his intimate knowledge of the Sheriff's Department and its workings as a major point in his campaign.

He outlines the following programs which he will implement:

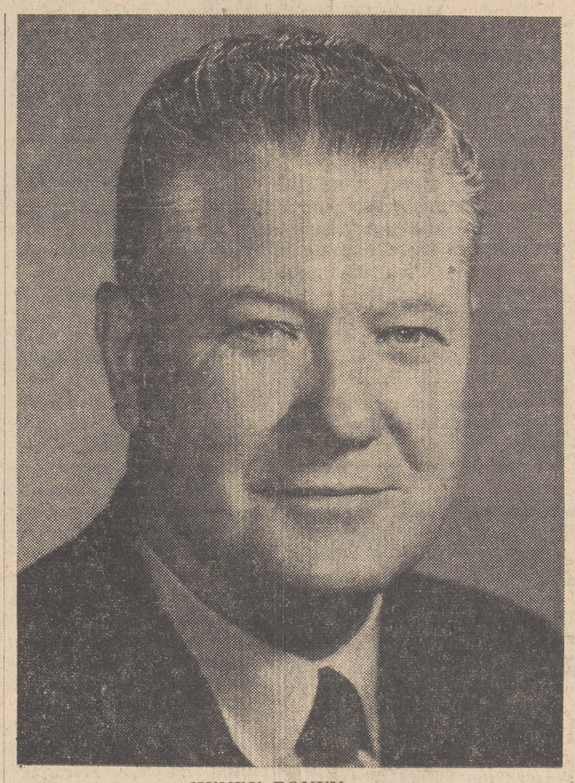
1. A specially-trained task force of juvenile officers to work with school administrators and teachers in combating the drug problem. These men, operating in a non-enforcement situation, will establish rapport with youngsters

and promote among them a genuine understanding and respect for the position of law enforcement in our society.

2. A "team-policing" concept in county communities, which will limit the transfer of officers from the area of their work. With the same uniformed deputies and detectives working consistently in the same community, a more personal relationship can be established with youth, businessmen, parents and other groups within the community. Duffy feels that only by such personalization of the officers can any realistic police-community relations be achieved.

3. A more intensive in-service training program in the department to keep officers up-to-date with rapidly changing law enforcement details, including court decisions and technological advancements in crime prevention and detection.

The candidate is a past president and on the board of directors of the San Diego County Sheriff's Association; he is also active in the California Peace Officers Association, Peace Officers Research Association of California and numerous other professional and civic organizations.



HENRY BONEY

Boney Drops Hat In For State Senator

San Diego County Board of Supervisors chairman Henry Boney will be the next state senator of the 40th district and his supporters will raise $75,000 or more to assure him the post, he told members of his "official family" and the press Monday.

He said that the race would not be any more formidable than the one in which he unseated David Bird for supervisor.

"I was surprised by the name identification shown in the poll," he said.

Boney, 55, a Republican who lives in Bonita, said the southern portion of San Diego and all of Imperial Valley need new leadership in Sacramento to halt the flow of narcotics, reform the state's tax system, preserve the environment, and complete unfinished highway work.

"The 40th senatorial district offers great challenges, yet great opportunities as we enter the decade of the 70's," Boney said at news conferences in El Centro and San Diego.

Boney, who developed a corner fruit stand into the $30-million-dollar-a-year Speedee-Mart chain before it was sold in 1964, told newsmen:

"I think that many of these issues can only be solved if all segments in the 40th combined to exert influence on our state and federal governments. I feel the time has come for me to move from county government to the state level to help implement the programs needed in our two counties. That is why I am announcing my candidacy today for the 40th senatorial district."

Boney, first elected to the Board of Supervisors in 1964 and twice named chairman of the board.

Stays On Board

He said he will remain on the board throughout the campaign. "My opponent will be on the state payroll during this period," he said.

Boney, a native of Kress, Tex. and a resident of California since 1933, said he shares the concern of residents in the 40th over drug peddlers "poisoning our youth." Boney said the peddlers must be apprehended and severely punished.

Although all citizens must share the responsibility in curbing drug abuse and other criminal acts, law enforcement officers ultimately must represent the people and therefore need community support and encouragement.

"Reform in our collection of state taxes is of critical concern to all Californians, particularly in the 40th senatorial district where there is such wide diversity of income and occupations," Boney said.

Preservation of the environment has always been one of his chief interests, Boney said, and he cited his leadership role in setting up the San Diego County Air Pollution Control District.

Need Highways

Boney also said the two areas have been shortchanged in highway development. He cited Interstate 5 in San Diego's South Bay, Interstate 8 through the mountains, and State Highway 86 as examples of work that need to be completed.

"It would be shortsighted at this time to divert gas tax funds from these two large counties that so badly need good highways," Boney said.

He added: "I recognize the need for an integrated system of mass transportation. San Diego County has long recognized the need for a balanced transportation network, which I have supported."

Long active in civic affairs, Boney is former president of the San Diego-Imperial Grocers Association, former president of the San Diego County Council of the Boy Scouts of America, a trustee of United States International University, chairman of the San Diego County United Fund, Lieutenant Governor of Kiwanis International, Division II, chairman of the County Task Force on Transportation, and a member of the California Council on Criminal Justice.

Dale Willey Off To VFW Convention

Kansas City, Mo. (Special)—Ray Gallagher, Redfield, S. Dakota, Commander-in-Chief of the Veterans of Foreign Wars of the United States, has announced that Dale Willey, of 1740 Dupont dr., Lemon Grove, a member of the VFW's National Safety Committee will be among the California delegation attending the annual VFW Mid-Winter Conference of National Officers and Department Commanders March 7-10 in Washington, D.C.

Prominent legislative, administration and military officials have been invited by the veterans' organization to give closed briefings to those attending the Conference. In addition to appearing before the House Committee on Veterans Affairs to present their organization's legislative program for 1970, the VFW leaders will meet with members of their own Congressional delegations in Washington.

The annual VFW Congressional Banquet, held to honor members of Congress who served in the armed forces, will conclude the Conference on March 10 and will be attended by some 2000 people including Congressmen, Supreme Court Justices, military leaders and members of the President's Cabinet.

'Lemon Grove Outpaces County In Business Growth'—Nevins

PASADENA — "Lemon Grove has outpaced the county and its neighboring cities in growth in business during the last three years," Richard Nevins, Southern California Member of the State Board of Equalization, said. He made the survey at the request of this newspaper.

The Board's tabulation of taxable sales by firms with Lemon Grove addresses shows a 77% increase in third quarter 1969 business over the same period in 1966. This compares to increases of 45% for the entire county, 35% for the city of San Diego, 43% for La Mesa and 64% for El Cajon.

"Most of this increase represents additional revenue for existing businesses," Nevins added, "although the number of accounts in Lemon Grove increased 11.2% as compared to 6.7% for the entire county."

Taxable sales in Lemon Grove exceeded $7.5 million during July, August and September, 1969. Local tax amounting to 1% of these sales was included in the amount paid to the county of San Diego as its portion of the 5% general sales tax administered by the Board.

"I am pleased to report the cost of administering the sales tax has not followed the continuing increase in revenue," Nevins continued. "Through efficiences developed by an experienced staff and refinements in administeration, our costs have been reduced to $1.12 per $100 of sales tax collected." Citing that personnel represent the greatest single item of cost in government, Nevins pointed out that the staff in the San Diego district has been decreased from a total of 75 to 66 during this period of increasing business activity.

C. Lloyd Hulbert is Administrator of the San Diego district under Nevins.

Griffen Tapped For State Post By Treasurer

A long-time Lemon Grove resident has been appointed State chairman of the new Districts Securities Advisory Commission.

The appointment was made by State Treasurer Ivy Baker Priest.

Griffen, who lives at 8305 Alton dr., is president and chairman of the board of directors of the Helix Irrigation District.

In a parallel move, he was also appointed as a member of an advisory committee to work with the State Bank Department to establish a program for banks for a local

government pool of finance. Water districts fit in the local government category.

Mrs. Priest said that the powers, duties and responsibilities of the State Treasurer for the financial legalities of many water districts made it vital to establish a Securities Advisory Commission to assist the Treasurer.

The Bank appointment of Griffen will help relate fiscal

LG Board Monies Mulled by Congress

Lemon Grove trustees Tuesday night heard board member Byron Netzley report on recent developments on action in Washington on Public Law 874.

The law, vetoed by President Nixon and revised, still contains a healthy portion for impact funds, according to Netzley. In fact, although the original bill has been trimmed by $300 million, the level apportioned for impact aid is the same as last year, he said.

The trouble is, however, that the bill may face the same fate at its predecessor—defeat, either in congress or at the hands of an inflation-conscious President.

HEW Secretary Finch, said Netzley, felt the bill would be vetoed unless further cuts were made.

Like it or not, the board had to face the reality of trimming their own budget, already down to the "bone", according to one trustee.

The trustees discussed a number of items that could be reduced or left out if budget revision became necessary. None of the reductions, including reduced bus service or possibly a cut in library service, were palatable to board members.

The board also voiced approval for an NDEA application to be filed for next year, requesting a full-time counselor to be shared by the two junior high schools.

The District filed a similar application last year and received an entitlement in the amount of $5,200, now tied up in the HEW finance bill, now before the Senate.

If the bill is approved soon enough, the monies would still be useful, Dr. Robert Sutton indicated. He said that "even with just three months of the school year left," a counselor would come in handy.

LG Fire Report

The Lemon Grove Fire Department, for the week of Feb. 16-23 answered one rescued call and two fire calls.

On Feb. 16 at 8:57 p.m. rescuers went to 4162 Lois st., where N. Williams, 53, had suffered a possible heart attack. He was given oxygen and sent to Grossmont Hospital.

FIRE CALLS.

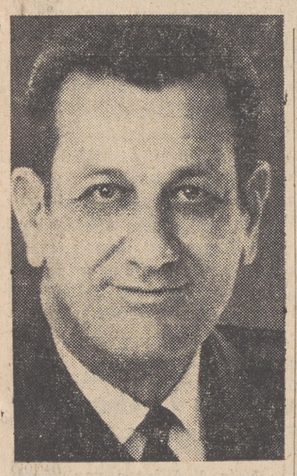
On Feb. 17 at 7:54 a.m., firemen answered a call to Cypress and Citronella sts. It seems two girls on their way to school had noticed smoke coming from their car and had the fire department called, but they were gone when the firemen arrived.

On Feb. 22 at 6:18 a.m., firemen went to Mt. Vernon and Massachusetts sts. A car, belonging and driven by a James White (no address given) had caught fire due to a flooded carburator. White had extinguished the flame with a garden house and the fire was out when firemen arrived.

Thieves Active

A number of robberies of moderate amounts highlighted the Sheriff's blotter last week.

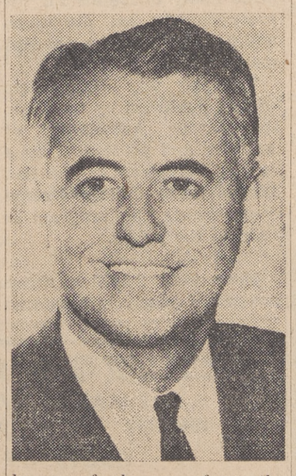
Thieves broke into the home of Richard Cesena, 767 Parkbrook st. in Spring Valley, the night of February 14, and made off with $375 worth of jewelry and camera equipment.



Frank Price Enters Race For Sheriff

Frank L. Price announced his candidacy for Sheriff of San Diego County. Sheriff Joseph C. O'Connor previously announced that he will not be a candidate for reelection.

Price, a lawyer by profession, long has been identified with law enforcement here and civic endeavors in the community. He was Special Agent in Charge of the San Diego Division of the Federal Bureau of Investigation from March 1959 to July 1961. During his FBI career of nearly 24 years he was Chief of the Criminal Section at FBI Headquarters in Washington, for seven years. He also served as Special Agent in Charge of the FBI Divisions at San Francisco and Honolulu. He has taken



leave of absence from the Copley Newspapers corporate offices.

Price, 55, graduated with

Chief Deputy Warren Kanagy Joins Contest For Sheriff

Warren Kanagy, 48, Chief Deputy of Operations in the San Diego County Sheriff's Office since 1967, and a member of the department for 21 years, announced that the will run for Sheriff of San Diego County in the June 2 primary.

As Chief Deputy of Operations, Kanagy holds top civil service position in the Sheriff's office and is officially third in command under Sheriff Joseph C. O'Connor who is retiring.

His basic functions as Chief Deputy of Operations is to assist the Sheriff and Undersheriff in administration and coordination of all activities of the department, and to assume command of the Sheriff's department in their absence.

Kanagy is also serving as

SV Postal Safest

Spring Valley postal workers were the safest drivers per mile of all the postal workers in the county, according to the San Diego chapter of the National Safety Council.

Twenty-six county motor vehicle fleets were cited for having the lowest accident rates in 1969.

Winners were judged as those fleets which had the lowest accident rate per mile driven.

TEENS AGAINST POLLUTION — Lemon Grove students pick up litter in their own anti-pollution campaign. The students, from Palm Junior High, worked Friday afternoon to clean a vacant lot across from Bradshaw's Market on Massachusetts ave.

Sixty major national college fraternities have nearly 5,000 campus chapters in the United States and Canada, and more than 3 million members.

India is now shipping roses by air to foreign markets.

Reader Says 'No' Vote Is Necessary

Dear Editor:

As a taxpayer and property owner in the Grossmont Hospital district for 20 years — I would like to express my opinion on the coming election.

The taxpayer is being brainwashed again by being told that the district is badly in need of additional space in the Grossmont Hospital.

I don't feel that the taxpayer is getting anything for his investment. Why have the proponents used trickery and unprincipled methods by forming a Joint Powers arrangement with the County? The reason is simple. By doing this they can pass this bond issue with a simple majority instead of the two-thirds majority that was required in the last election.

If this trickery and conniving by the proponents is accepted by the voters in the coming election it will increase your tax rate 15½% per $100 assessed valuation on all real property in the Grossmont Hospital District area.

All privately owned hospitals operate at a profit and return a percentage of this profit back to the city through the tax rolls.

During the 20 years I have been in the Lemon Grove area I have paid a Grossmont Hospital District tax and have never seen a Financial Statement of a profit. Where is the money going???

I feel as other interested taxpayers must feel that a NO vote is necessary in Tuesday's election.

C. F. Haradon

Dear Editor:

It is hoped that the "silent majority" will become less silent when events such as the following are disclosed —

The three-day Vietnam Moratorium in Washington, November, 1969, cost YOU, the taxpayers more than $1.5 million and cost private business interests an estimated $240,000. A summary of the Moratorium is as follows: 606 injured; 361 arrested; $240,000 damage to 503 private buildings; $10,000 damage to 20 government buildings; $6,000 damage to 76 law enforcement vehicles; $12,000 damage to parks; $936,088 military operation costs; $473,776 law enforcement overtime pay; $38,497 Department of Justice support personnel; $91,761 General Services Administration; $8,500 debris removal.

Let the "silent majority" become vocal in order that events like this Moratorium will be curtailed in the future.

Sincerely,
C. C. Moseley,

Dear Editor:

Who protects the lowly homeowner? I voice my concern about the costly delays and frequent changes in Otay Municipal Water District's plan to sewer the Mt. Helix-Calavo Gardens Area.

In Otay's recent letter of Jan. 30, 1970 to the homeowners they say they plan to use their own La Presa trunk sewer stystem temporarily until the proposed Jamacha outfall system to the ocean is built. However, I understand there are legal questions concerning whether they have the right to use the La Presa line. How long will it take to resolve these questions? How costly will the proposed line to the ocean be and how long will it take to construct? When will Otay have a place to deposit the sewage?

Otay's pamphlets prior to the 1968 voting of the 1.75 million bond for sewer construction stressed water reclamation with no ocean outfall!

When will our urgently needed sewers be available?

Yours truly,
Mrs. Bonnie Bourgeois

Dear Editor:

As a homeowner in the Mt. Helix-Calavo Gardens improvement area to be sewered by Otay Municipal Water District, I am amazed at the developments in Otay's attempt to sewer my area!

Before we voted a 1.75 million bond for sewers in 1968, all of Otay's literature sent to us emphasized a sewerage system based on water reclamation. However, in June, 1969 Otay was denied permission to build a water reclamation plant by the Regional Water Control Board. This was due to the fact that according to Otay's plans for the reclamation facility there would be pollution of the Sweetwater River basin — a domestic water supply. The board would grant permission to Otay to build the facility only if Otay tied in to an ocean outfall. This meant the homewners would be paying for two systems. One cost would be for Otay's reclamation facility and the other cost would be for space in the Spring Valley lines to the ocean. Otay, on two occasions, requested this space!

Now Otay plans to build its own ocean outfall line to the ocean. At this time they have no place to deposit sewerage. Since they do intend to build an outfall line to the ocean, how costly will this be and how long will it take? This plan differs considerably from the plan for which we voted! In the meantime, all the homeowners in the area have been taxed for sewers amounting to some $34,000!

Yours truly,
Charles Rizzo

Baptists Hear Skillings Sing

The Otis Skillings Singers will appear in concert Sunday night at 7 p.m. at the First Baptist Church of Lemon Grove, 2910 Main st.

Otis Skillings is well known in the area for his composing and arranging, and is an accomplished pianist. His wife, Merle, is featured soloist with the group. They have made many appearances in the San Diego area, and have traveled in this country and abroad. Sacred and secular music will be presented at the concert.

Rev. Robert Kleinschmidt, pastor of the church, said the public is cordially invited to attend. Following the musical program, there will be an old-fashioned pie social in the church fellowship hall.

One farmworker supplied the food and fiber for 43 person during 1967, as compared to 23 persons during the 1957-59 period.

CD's of A Note Week

National Junior Catholic Daughters of America week opened Sunday. Court Teresa of Avila No. 1580 Junior CDA began their part of the observances with the 8:30 mass at St. John of the Cross church in Lemon Grove.

Forty Junior and Juniorettes were in procession followed by Rev. Patrick Kearny pastor of St. John of the Cross.

Mrs. Raymond Stangl, Grand Regent of Court Teresa of Avila and members were hostess to the initiation and installation of the Junior court which was held at 2:30 in St. John parish hall.

Sue Mulvihill opened the initiation ritual for the Juniors of Court Teresa of Avila.

The girls taken into the court were Denise Dugas, Margaret Reinbolt, Susan Wilson, Linda Wilson, Mary Jo Brown, Theresa Bentz, Christine Browning and Joan Weyner.

Also initiated were members for San Diego De Alaca Junior Court, Haydee Pina, Silva MacIas, Anita Gastelum, Sheila Austin and Julia Haas.

Rev. Robert Pinta, courts chaplain and Rev. Patrick Kearney gave very inspirational messages to the new members. Other guests attending were Mrs. Frank Rosiak, State Vice Regent of the Senior court, Mrs. Sally Rice, area chairman for the Juniors, Mrs. Tenneyson Stingly and Mrs. William Bulter, District Deputies.

The Junior members of Court Teresa of Avila are under the leadership of Mrs. James Easterling chairman and counselors Mmes. Richard Dean, James Edgil, Frank Grundler, James Bolenback and Mary Ellen Easterling. Mrs. Richard Jolliff, chairman of San Diego De Alaca Junior court, with counselor Mrs. Lucian Pelleter were also in attendance.

Scientist Will Discuss Saucers

Grossmont College will present an illustrated lecture by Stanton T. Friedman, nuclear physicist, at 8 p.m., Wednesday, March 4, in the Student Center.

Friedman will discuss the theory that "Flying Saucers are Real." After ten-years of study and investigation, Friedman is convinced that the earth is being visited by intelligently controlled vehicles from off the earth.

He will tell why he is convinced, and in doing so, will cover such items as data from the only official scientific study ever conducted, misconceptions about UFO's, the feasibility of traveling to the stars, humanoids, and the arguments of the educated non-believers. He will discuss this from the viewpoint of the practical scientist.

The public is invited to hear this outstanding authority on UFO's discuss flying saucers. There is no admission charge.

Family Service Brings Drama Here

The Foothills Family Service Association will bring one of the nationally acclaimed Plays for Living to its annual meeting, at the Open Door in Lakeside on Feb. 28 at 8 p.m.

An absorbing, half-hour drama, "War of the Words" traces the history of a family in which genuine love and affection have been over-whelmed by a pattern of chronic argument. It examines the problem primarily as it affects the three children. The play suggests many questions for the professionally led discussion which follows the performance.

The play was commissioned and published by the Family Service Association of America and performed by a cast of volunteers of the San Diego State College Drama Department. The program is open to the public.

VALENTINE CEREMONY — A former Spring Valley young woman and a former Montana man were united in marriage Feb. 14 at Christ United Methodist Church, San Diego.
The double-ring ceremony enhanced the wedding of Maurine Bartlett Fritz and Larry Lester Kiesz. Maurine is the daughter of Mr. and Mrs. Woodrow W. Fritz of 6789 Bonnie View dr., San Diego and formerly of 3307 Helix st., Spring Valley. Larry Kiesz is the son of Mrs. Irene Doom and the late Jacob Kiesz.
The bride (nee Maurine Fritz) spent all her "growing up" years in Spring Valley. She attended Spring Valley elementary schools, graduating from Monte Vista High School. She also graduated from Grossmont College and American Business College. At present she is an X-Ray (medical) secretary at Grossmont Hospital.
Larry Kiesz is a graduate of Laurel High School in Montana and also attended Eastern Montana College. He is recently from the U.S. Navy and plans to study in a computer school.

WED — Christina A. Grimaldi of Lemon Grove became the bride of Danny L. Foster of Spring Valley in a Valentine's Day wedding at United Methodist Church in Lemon Grove February 14.
The bride, daughter of Mr. and Mrs. Alfred V. Grimaldi of 1612 El Prado, wore a long, white satin dress. She was a Mt. Miguel High School graduate.
The groom, son of Mr. and Mrs. Marvin Foster, 4016 Conrad dr., is also a Mt. Miguel graduate, and attended Grossmont College and Weaver Airline School.
Mrs. Gigi Tinker was matron of honor while attendants included Mary Shaw, Karen Carlson, Colleen Foster and Janis Roach.
Brian Stamper was the best man and ushers were Mike Shaw, Jerry Foster, Mike Bauer and Pat Smith.
After the reception at the church, the couple honeymooned in Las Vegas.

Historical Society Meets Wednesday

Spring Valley Historical Society will meet Wednesday at the Memory Lane Center. Mrs. Thomas Webster, president, will preside. The meeting is scheduled at 7:30 p.m.

March activities include raising donations for the fencing of the grounds. A pot luck supper is scheduled at 6:30 p.m. on March 17, St. Patrick's Day.

Each family should bring one dish of food enough for the family and four extra servings, plus service. A $.50 donation is required for each plate of food. Coffee will be furnished. A program will follow the pot luck.

Mrs. Webster reported that the February rummage sale returned about $175 toward the expenses of fence and remodeling of the Annex.

Luncheon Scheduled

A "Luncheon is Served" lunch will be held at the Lemon Grove Woman's Club, 2810 Main st. on Wednesday, March 4 at 12 o'clock.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

In a recent television interview, a popular newscaster talked with a new resident to San Diego who came here from Mazatlan, a seaport city in Mexico. In the discussion a reference to "American" was made which left me somewhat confused.

Let me clarify the use of "America" by Spanish-speaking Latin-Americans. Does "America" mean the same in Spanish as in English? Do the people of Mexico consider themselves to be a part of America?

Mexican nationals consider themselves "Mexicanos" primarily and secondarily "Latinoamericanos" (Latin Americans). This seems justified as Mexican Nationals are residents of the North American continent.

We in the United States of America have become so accustomed to the accepted English prerogative of dropping the "United States of" that we frequently identify our country as America and overlook that there are many other countries in North America and South America.

The Spanish-speaking world normally identifies United States citizens as "Norteamericanos" (North Americans) which also may need clarification in that "Norteamerica" also includes Canada.

Practice phrases listed below have some interesting variations in the use of "America." You may wish to learn the phrases with the aid of the automatic recording which says them for you when you dial 276-2762 on your telephone. The voice on the record will say each word seperately and pause for a moment while you say the same word.

IMPORTANT PHRASES:
Say "De donde es usted?" (deh DOHN-deh ehs oo-STEHD)
for "Where are you from?"
Say "Soy de Mexico." (SOH-ee deh MEH-hee-koh)
for "I am from Mexico.

USEFUL PHRASES:
Say "Es Mexico parte de America?" (ehs MEH-hee-koh PAHR-teh deh ah-MEH-ree-kah)
for "Is Mexico a part of America?"
Say "Si, es parte de Latinoamerica." (SEE ehs PAHR-teh deh lah-tee-noh-ah-MEH-ree-kah)
for "Yes, it is a part of Latin America."

OTHER PHRASES:
Say "Donde esta Chile?" (DOHN-deh eh-STAH CHEE-leh)
for "Where is Chile?"
Say "Esta en Sudamerica." (eh-STAH ehn sood-ah-MEH-ree-kah)
for "It is in South America."

Bank of America pays you more for playing it safe.

We've raised the rates on Personal Choice Savings. So besides having many plans to choose from, you now make more money. Of course, there's another benefit, too. Security. When you save with us, your money enjoys the safety of the world's largest bank. And that counts a lot.

4½% Regular Savings.
Your interest has been increased to 4½%, computed daily and compounded quarterly. This is our most popular savings plan because it's so flexible. You can put money in. Take it out. Any time, any amount. Deposits made by the tenth of each quarter earn interest from the first.

5% Investors Passbook.
This is the passbook account that pays you more for leaving your money with us for at least 90 days. The 5% annual interest is compounded quarterly. $500 opens an account. Additional deposits are made in $100 amounts or more.

5¾% Certificates of Deposit.
We've lowered the entrance requirements and raised the rate on maturities of one year or longer. Two-year Certificates now earn 5¾% annually, and are issued for $500 or multiples of $500. One-year Certificates now pay you 5½% annually.

7½% Certificates of Deposit.
Large deposits—$100,000 or more—now earn 7½% if left with us a year. The annual interest rates on these Certificates range from 6¼% to 7½% depending on their maturity. These represent an increase of ¾% to 1¼% over previous rates.

We think good money sense means a savings account at Bank of America. You avoid risk. And you increase earnings. Drop in at your nearest branch. They'll not only help you with the business of living—they'll show you how to make it pay.

Helix Runner-up In Prep Indoors

Helix High captured second place in the CIF indoor "championships" held Friday night with the San Diego Indoor Games.

The Highlanders could produce only one winner, shot-putter Gunnars Valkirs, but had a number of athletes winning places.

Lincoln High won the competition for the second straight year with 21 points. Helix had 17½.

Valkirs took the shot in a mild upset, with a throw of 53-10. Mount Miguel's Billy Joe Winchester was busy with wrestling duties.

Rich Rhoads was third in that event, tossing 51-10.

The Highlanders did without runner Ed Mendoza, but Robin Schultz helped make up for it with a good 9:31.7 second-place finish in the two-mile.

Schultz ran a well-paced race and nearly out-kicked favorite Bill Mowry at the end. Mowry, from Madison, ran 9:31.4.

Scottie Dean Jacobs was third in the long jump, held earlier outdoors. Jacobs leaped 21-4½.

Vaulter Rick Schultz cleared 12-6 and looked good at 13 feet but he finished fourth.

Sprinter John Landis was fourth in a fast 60 field, probably the most loaded event of the night. He ran :06.5.

The Helix mile relay team was clocked in 3:33, same time as Mission Bay as the teams tied for third.

Mount Miguel and Monte Vista had no entries in the meet.

Gulls to Rest After Spurs Game

The San Diego Gulls battle the Denver Spurs Friday night at Colorado Springs, then take a week off before meeting the Portland Buckaroos in a pair of vital games March 6 and 7 at the Sports Arena.

The week-long rest will be a welcome one for the Gulls, who have spent a hectic month on the road.

The Gulls opened this week's play by hosting the Salt Lake Golden Eagles at the Sports Arena last night.

In last week's activity, the Gulls dropped three road games, then returned home to record a 7-5 victory over the league-leading Vancouver Canucks in one of the most exciting games of the season.

Rockets Face Bulls Sunday

The San Diego Rockets take a break from rugged road action Sunday for a home contest against the Chicago Bulls starting at 7 p.m.

The match is the sixth meeting between the two teams this season. The Rockets hold a 3-2 series edge over the Bulls who topped the San Diego club in their last get-together Monday in Kansas City, 127-125. A win Sunday would clinch the season series for San Diego with one game remaining, March 10, in Chicago.

SV Sox Call Meet

The Spring Valley Bobby Sox League has been registering girls age 9 to 14, for the coming league season.

Teams will be announced at the General Meeting to be held at the Spring Valley Bobby Sox Field, at the Bancroft Elementary School. The meeting is scheduled for February 28, at 2 p.m.

Fund raising activities, to include a Swap Meet, and an Easter Fashion Show, will be discussed at this time.

The league still has a need for volunteers for managers, coaches, sponsors and help in general. Anyone wishing to donate their time may attend the general meeting or contact league president, Giles Baldwin.

Area Spikers Dot SDS List

San Diego State's track team will rely heavily on area talent this year, according to pre-season dope.

Five Helix High graduates and one Monte Vista product are on the Aztec roster, with most counted on as key men in their events.

Former Scots now wearing Aztec colors, include vaulter Rick Olander, whose best of 16-5½ last week eclipsed the SDS school record.

Olander reached the Mesa after a circuitous route that took him to Grossmont College and UCLA. He's also a :14.9 high-hurdler.

Ralph Lavage will bring his :09.8 and :21.4 sprint talent via Grossmont College, while weightmen Bob Ashmore and Dennis McClanahan and distance runner Mike Cour also figure in coach Dick Wells' plans.

The MV product, also by way of Grossmont College, is distance runner Dave Matheny.

Area Pair Run at USIU

A pair of local distance runners will be competing at USIU this spring.

The athletes are Dan Ungricht and Darryl Simmons.

Ungricht is a half-miler, who holds the Monte Vista High record (1:53) and the Grossmont College standard (1:52.9).

The pair join a strong middle-distance group at the college, which includes international star Kenth Andersson.

California's milk production in 1969 is expected to total 8.9 billion pounds, down one percent from 1968's record output of 9 billion pounds.

Gal Hoopers Set to Play

Under the direction of Miss JoAnn Climie and Miss Marcia Bonini, the 1970 Monte Vista Girl's Basketball team has started practice for the upcoming season.

Practice began two weeks ago with approximately 30 girls coming out for the team.

As in the past, there will be a junior varsity team and a varsity team, composed of about 12 players per team.

The girls are scheduled to play 10 games, the first seven with teams in the Grossmont District, against the Grossmont League teams, the girls will be playing with the regular six players on the court, the way the game has been played for years.

The last three games against Cathedral, Escondido, and possibly San Dieguito, will be played with boy's rules, that of five players on the court, everyone roving. Next year, five-man basketball will be the permanent rules.

Scheduled games for the season are: El Capitan, Feb. 26, Granite Hills, March 3, El Cajon, March 17, Grossmont, March 31, Mt. Miguel, April 2, Helix, April 7, and Santana, April 9. The games against Cathedral and Escondido have not been scheduled yet.

Baseball Writers Set Annual Dinner At Kona Kai Club

SAN DIEGO — Shelter Island's Kona Kai Club will be the site of the San Diego Chapter Baseball Writers Association of America second annual dinner April 6.

The dinner, featuring prime rib, will begin at 7:30 p.m. in the Gold Room of the Kona Kai. Free parking will be available for guests.

Tickets, $20 each, may be obtained by calling Ron Roach at 234-7111 daily. Tables, seating 10 persons, may be purchased for $200.

The baseball writers will welcome the 1970 San Diego Padres and present an award to the rookie-of-the-year for 1969, the club's first season in the National League.

The dinner will be held the eve of the Padres' 1970 season opener against the defending Western Division champion Atlanta Braves.

Although baseball will be the main item on the program, music and entertainment will be provided. Master of ceremonies and entertainment will be announced shortly.

IRS TAX ANSWERS ?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) If IRS has mailed you estimated tax forms, does that mean you are required to file one of these forms?

A) You do not have to file an estimated tax declaration for 1970 unless you meet the requirements as explained in the instructions that came with the estimated forms.

Estimated tax forms have been sent to every taxpayer who filed an estimated return for 1969 as well as to those taxpayers who may have been liable for one because they had a balance due of $40 or more when they filed their 1968 return. The forms are identified with the taxpayer's name, address and Social Security number just as they appear in IRS files.

Read the instructions carefully and if you are required to file an estimated tax declaration, be sure to use the forms sent you. It will assure that your estimated tax payments are properly credited to your account.

Q) I just sent in my tax return. What records should I keep?

A) Keep the records you need to substantiate the income and deductions reported on your return. Cancelled checks, paid bills, Forms W-2 (Wage and Tax Statement) and 1099 (U.S. Information Return for Calendar Year), bank books and similar records in addition to a copy of the return, will be helpful.

Q) Will the amount my daughter receives from a college scholarship affect my dependency claim for her?

A) No, amounts received from a scholarship for study at an educational institution do not have to be included in total support in determining whether the support test for dependents has been met.

Q) My wife and I both receive 1040 tax form packages in the mail because we were single in 1968. We want to file a joint return for 1939. Should we put both name labels on the return we file?

A) No, use only your label since on joint returns the account is primarily identified by the husband's Social Security number. You should insert your wife's first name and middle initial on your label and her Social Security number in the space provided on the return.

To make sure you are properly credited for all withheld taxes and estimated tax payments, if any, enter the name your wife used when she filed her 1968 return on the line under the address section of the form. Changes in address should be given here, too.

Q) I still haven't received my W-2. What should I do?

A) Ask your employer about your W-2 statement. By law, employers are required to provide withholding statements to their employers by the end of January. Since January 31 is a Saturday, the deadline is February 2, this year.

Q) Does the fact that a child is adopted make any difference for dependency purposes?

A) A legally adopted child is considered your child in applying the dependency tests.

Q) Last year I sent in my return and W-2 and you figured my tax for me. Will you still do this with the new form?

A) Yes, IRS will compute the tax just as it has in the past if your income is under $5,000 and consists of wages subject to withholding and not more than $200 of dividends, interest, and nonwithheld wages. This is explained on the back of the Form 1040 you received in the mail.

Q) Our community just put in some new sidewalks and assessed the property owners for the cost. Is this a deductible expense?

A) No, assessments for benefits that tend to increase the value of property are not generally allowed as deductions. You may, however, add the amount of your assessment to the cost basis of your property.

Highlanders Sail To Record Season

Helix High's basketball team, applauded generally as the best prep team to take the court in San Diego, closed out a perfect regular season last week with a pair of big wins.

The Highlanders blasted Mount Miguel in a Tuesday game, 127-31, a new scoring record, and easily beat second-place Santana Friday night, 94-58.

The Sultans gave Helix little trouble. The Scots raced to a 22-12 first quarter lead and had it nailed down at 51-27 at intermission. It was 74-45 at three quarters.

Bill Walton scored 30 points in that contest, while Mike Dupree had 18, Mike Honz 16, and Randy Madsen 12.

Helix finished at 14-0 in league play, 29-0 for the regular season and continued a record winning streak.

The Scots now enter CIF playoffs. They played El Cajon Tuesday and the winner of the Poway-Hilltop game last night.

If they continue winning, they'll appear at San Diego Sports Arena tomorrow and Saturday.

The Highlanders looked unbeatable against Miguel, rolling up a county record for points in a game. The old large-school mark, ironically, was set by the Matadors two years ago.

The Scots jumped to a 30-8 first quarter advantage and retired at intermission ahead by 58-22. The carnage continued after halftime as the Scots led at three quarters, 85-28. They tacked on a 42-point fourth quarter for the mark.

Dupree, the five-nine guard, led the way with 43 points, his biggest night ever. All five starters hit double figures as Walton had 24, Dan Coleman 22, Madsen 16 and Honz 14.

Sixth man Butch Paddock added six points and the Helix bench could only contribute an extra field goal.

Walton finished league games with a 28.8 average, and Dupree terminated with a 20.7 per-game mark.

Monarchs Tune For Playoffs

It's going to be an uphill battle for Monte Vista High in the post-season playoffs, and the Monarchs tuned up with a pair of relaxed wins last week.

The Monarchs went past Granite Hills Tuesday, 98-56, and Friday finished up with Mount Miguel, 83-46.

MV used their balanced attack to down the Matadors, with Jim Bristol potting 21 points, Gary Earle 20, Dan Heien 13, and Bill Belander 12.

Against Granite Hills, Belander put in 31 points, while Heien and Bristol each chipped in with 16. Earle had 13 points, and Bob Papciak had 11.

Miguel was led by junior John Slater, 13 points, and junior Tom Young with 12.

Slater closed out the season with a 17.1 league average, while the Monarchs' Belander had a 19.7 norm.

The Monarchs, 21-6 for the season, played Eastern League runner-up, Lincoln, a 22-5 team, in the first round of the playoffs Tuesday.

If they survived that meeting, they would have played the winner of the Hilltop-Madison contest last night.

If they get past that, they'll be meeting Helix, most likely, in the semi-finals at the Sports Arena Friday night.

Bobby Sox To Register

Lemon Grove Bobby Sox registration is scheduled one more time this month.

Girls between 9-15 are invited to register either at the home of league president Mike Simpson, 2075 El Prado ave. or with league secretary Virginia Guenon, 7302 Waite dr.

Registration is scheduled 11:30 a.m. to 4:30 p.m. this Saturday.

A birth certificate is required at registration.

Persons interested in assisting the league are also invited to sign up.

For more information, call Mike Simpson at 466-0886.

First Entry OKd For Jr. Hockey Olympic Tourney

The first entry, in the 30th Annual National Junior Olympic Hockey Tournament, has been received by Fred Wolf, operation director for the tournament.

The team is the Olympic Agencies team, from Grosse Pointe, Michigan, and they play in the Michigan Junior Hockey League.

The team has a record of 27 wins and only 2 losses, going into the month of February.

They are in first place in the league by 9 games and 17 points.

Two sons of Gordie Howe play on the team, Mark and Marty. Mark is the 5th place scorer in the league, while Marty plays on defense. Rob Palmer, their young center, is the top scorer in the league, with 46 goals and 46 assists. Out of the top 10 scorers in the league, seven are on the Olympic Agencies team.

MIGHTY MITE — Helix center Bill Walton gets all the publicity but it's also the other four who make the Highlanders the unbeatable green machine it's been. Guard Mike Dupree can do it all. He's scored 43 points in a single game, averaged over 20, set up baskets with passes and even done a little rebounding, as here he outleaps El Cajon's Dean Owens for a loose ball. CHUCKIN' SPORTS

Track Season Underway San Diego Relays Next

By Chuck Curtis

The track season has suddenly burst upon the 1970 sports season and already national marks have been shattered.

For the past few weeks the evidence of the season was apparent. All you had to do was drive along any street within a mile or two of any grade school, high school, junior college or college and you would see the runners, sometimes a solitary figure jogging along the street, sometimes a group in shorts, T shirts and sneakers. All trying desperately to get into top shape as soon as possible.

Suddenly it was Friday and time for one of the best indoor meets of the season, the Fourth Annual San Diego Indoor Championships. It included the Second CIF section, Indoor Championships.

Before the high school runners moved over to make room for their older brothers, a national mark had fallen.

Milton Mitchell, sensational Lincoln High runner, posted a 57.4 in the 500 yard run. This broke the old record of 57.8 set in 1969 by — Milton Mitchell of Lincoln High.

Mitchell came back to anchor the Lincoln mile relay team, which posted a winning time of 3:30.4, and help Lincoln to a team victory with 21 points.

The strong Helix High team placed first in just one event as Gunnars Valkirs put the shot 53' 10", but Helix scored enough to take second in team scoring with 17½ points. Other teams scores were: Clairemont, 12; Madison, 11; Mission Bay, 8½; Grossmont and Henry, 8; Granite Hills and El Cajon, 7; Morse, Point Loma and Crawford, 6; Mar Vista and San Diego, 5; Kearny, 3; and Santana, 1.

The big boys managed to break just one world mark as Lee Evans ran the 500 in a blistering 51.5, defeating Jay Elbel, Jim Ward and Bob Frey, all of the Striders.

According to the stat sheet handed out at the meet, Evans mark topped the 55.5 set by Earl Young in Louisville on Feb. 16, 1963.

Talking to Evans in the infield, shortly after the race, he commented on the "very fast track" at the indoor games and said, "I knew the record could be had.

"I felt I was ready for a record tonight. I was really psyched up.

"I've been saying this is my last year. I've been setting goals; I want to do things I've never done before. Getting the 500-yard record was one of these.

"I ran a 55.6 two years ago at Seattle and I felt then that I could break the record. I think I can run faster than I did tonight."

Evans was voted athlete of the meet.

While the Indoor games were great, they are really just the kickoff of a great track season in the San Diego area. Next will be the San Diego Relays, March 28, in Balboa Stadium.

Thursday, as you are receiving your copy of the Lemon Grove Review or the Spring Valley Bulletin, it will be my pleasure to be photographing Ron Mix, former great San Diego Charger football player.

Ron has agreed to act as one of the honorary starters at the meet.

The San Diego Relays are presented annually by the San Diego Track Club. This year they are being co-sponsored by the San Diego County Heart Association. Ron Mix is connected with the Heart Association.

Ron will also be a guest of honor at the Lemon Grove Old Time Days kickoff banquet, May 3 and will be a grand marshal at the Lemon Grove Old Time Days Parade, May 23.

It seems most fitting for the track meet to be co-sponsored by the Heart Association since jogging has been found to be most beneficial to man.

Mix should prove a most able representative for the group, the San Diego Relays and the Lemon Grove Old Time Days Association. He has proven to be a most amiable, pleasant and well-spoken young man.

Friday night 9,742 track fans thrilled to the speed on the banked board track in the Sports Arena. It is to be hoped that an even greater number of fans will be in attendance at the San Diego Relays.

It will be a full day of exciting track from 10 in the morning until the supper hour. If all goes according to schedule the final event should be run off at about 5:30.

This year the San Diego Relays, always well thought of in track circles, reaches major status as the University-Open division is increased to a full slate of events.

Much interest will be shown in the performance of the Lincoln High team at the outdoor meet and to the work of Mount Miguel's fine weightman, Billy Joe Winchester. Billy Joe is still wrestling but is expected to be ready in time for the big track meet.

Almost daily the list of top names in the track field who have indicated they will be part of the meet, grows. Dr. Tony Sucec, meet director has announced that a record number of entries, beating last season's record of 850, is anticipated.

This is a day well worth marking on your calendar and holding open. See you in Balboa Stadium, Saturday, March 28.

Entertainment

ART - MUSIC - THEATRE

College Begins Recital Series

The Music Department of Southwestern College will present the first in the spring series of Sunday afternoon recitals on Sunday at 4 p.m. in room 801, the college recital hall.

The opening recital will feature well known oboist, Donald Hyder, who is principal oboist with the San Diego Symphony. He will perform works by Hindemith, Schumann, Rakov and Gordon Jacob. His accompanist will be Ilana Mysior.

The recital is open to the public as a free community service sponsored by the Music Department at Southwestern College.

LeRoi Jones Will Appear

Playwright LeRoi Jones and a company of 10 actors will appear at 8:30 p.m. Friday, in the UCSD Gymnasium. Unreserved seating is $3 for general admission, $2.25 for UCSD faculty and staff members, and $1.50 for UCSD students.

Jones, the author of several books of essays, short stories, and poems, is scheduled to read his poem "Come See About Me." His troup will perform two of his most recent plays.

Two of the foremost singers in the St. Louis idiom, Sonny Terry and Brownie McGhee, will perform at 8:30 p.m., Sunday, March 1, in Sherwood Hall, La Jolla. Reserved seating is $3 for general admission, $2.25 for UCSD faculty and staff members, and $1.50 for UCSD students.

Photo Exhibit At Unicorn

The Unicorn Theatre, in La Jolla, is presently displaying an exhibit of the photographic works of Alan Pitcairn. The exhibit of 11 color and 2 black-and-white prints is a study of details found in nature.

Many of Pitcairn's color transparencies are being featured in the Unicorn Kaleidoscope, a continuous presentation of slides shown before and after each film in the evening programs.

The exhibit is located in the theatre lounge and is open to the public without charge daily from 10 a.m. until midnight through March 3.

Pianist Slated

Grossmont College will continue its Spring Chamber Series Friday, March 6 when the Associated Students and the Music Department present Landon Young, pianist, in two performances at 11 a.m. and 8 p.m. in the Fine Arts Lecure Hall.

The public is invited to hear this pianist of musical distinction. There is no admission charge.

Play Is Scheduled

La Mesa Players present "George Washington Slept Here", starting this weekend at the Ben Polak Fine Arts Center.

The play is scheduled at 8:30 p.m. Friday and Saturday and also will show March 6, 7, and 14, with a matinee set for March 15, at 2 p.m.

Donations are $1.50 for adults, $1 for students and $.50 for children. Tickets are on sale at Len's Mens Wear in Lemon Grove.

College Begins Laughton Films

Grossmont College will open a series of Charles Laughton films when "Les Miserables" is screened at 7 p.m. tonight in the Fine Arts Lecture Hall.

Taken from Victor Hugo's great novel, "Les Miserables" is the tragic story of Jean Valjean and his rise from a tortured galley slave to a prosperous merchant, and final tragedy.

The price of admission to all films in the Laughton series will be 75 cents with tickets available at the door on the evening of the performance.

NIBBLING IS OK — Research at the University of Illinois and elsewhere indicates that nibbling — eating five or six small meals a day — fits modern man's life style better than the three large meals a day. Dairy Council of California nutrititionists point out that nibbling makes energy available to the body in amounts that can be used up.

Victoria Falls on the border between Zambia and Rhodesia is about twice as high as Niagra Fall.

DRUGS TOPIC — Dr. Joel Fort, generally considered to be the world's leading authority on mind-altering drug use and abuse speaks Sunday at Grossmont College's auditorium at 8 p.m. Dr. Fort's topic is "The Drug Crisis/Youth and Society." He is co-director of the National Sex and Drug Forum and founder-supervisor of HELP, a mobile health and service unit in the San Francisco anti-poverty program.

Winner Named In L.G. Lions Speech Contest

"Generation Gap—Fact or Fantasy" was the subject. Maureen O'Brien was the winner.

It was the annual Student Speakers contest sponsored by the Lemon Grove Lions club and it was held Thursday night at Ox Bow Inn in Casa de Oro.

Judges for the contest, members of the S.V. Toastmasters club, were Al Marsh, Glen Lindenau and Andy Feebeck.

Winner moved up to the next plateau in quest for the national scholarship prize of $2,500.

Jim Boyd Off To State Farm Las Vegas Meet

Jim Boyd, 7752 Broadway, will be honored at a three-day convention for outstanding State Farm agents beginning March 31 at the Dunes in Las Vegas, Nevada.

State Farm President Edward B. Rust will deliver the main address, and a panel of specialists will review company and industry developments. Agents will participate in conference sessions with home office executives, discussing State Farm's plans for the '70s.

DeMott to MC

Donald Barnes and Mrs. Thomas Smith, co-chairmen of the annual Laurels Awards Association banquet, announced that John DeMott, local broadcasting personality and Padres announcer, would be master of ceremonies at the March 10 affair to be held at the Elks Lodge in El Cajon.

The Helix Choral group under the direction of Robert Rue will present several selections for the evening program.

John Winterhouse, selections chairman, reminded organizations and individuals wishing to nominate persons for awards, that deadline is March 2.

Y Board Names New Officers

The Heartland YMCA Board of Management elected officers for 1970 at their meeting, Tuesday, February 17.

Erv Metzgar vice president of Grossmont College, was re-elected chairman, and Dave Newton, KFMB Radio, was re-elected vice-chairman.

Other officers elected are: Virginia Mitchell, secretary; Lucille Moore, treasurer; Vince Odom, Odom Realty, and Barney Lanz, La Mesa-Spring Valley School District, Members-at-Large to the Executive Committee. Clarence Watters, Helix Irrigation District, is immediate past chairman.

The 1972 panel of Board Members was also elected by the membership. One-third of the Board is elected each year for a 3-year term. Elected were: Erv Metzgar, Virginia Mitchell, Clarence Watters, Le-Roy Booth, Robert DesLauriers, Tony Giaccone, W. E. Klostermann, Albert Marshall, Carl Campbell and Ignacio Martinez.

Appointed to fill unexpired terms were: Dale Randles, Richard Johnson, Arthur Thompson and Al Snider.

Arsenault Gets Purdue Degree

West Lafayette, Ind. — A total of 1,454 students completed work for degrees during the first semester at Purdue University.

The midyear class showed an increase of 7 per cent over the 1,357 completing their studies in January, 1969.

The list released by Registrar Nelson M. Parkhurst included 528 students qualifying for advanced degrees.

Among those students was James Ray Arsenault, 2611 Sheri lane of Lemon Grove, who completed his work for a Master of Science degree in computer sciences.

ROTARY BIRTHDAY DAY — James Mulvaney, executive vice president of the U.S. National bank helps with birthday cake-cutting ceremony as Lemon Grove club marked Rotary's 65th anniversary. Thomas W. Page, Rotary governor and Thomas S. Clayton, president of the Lemon Grove club lend hands. Mulvaney, a Rotary past president, was speaker at the anniversary meeting.

Inflation Pressures Easing Mulvaney Tells L.G. Rotary

The Lemon Rotary club played to an overflow crowd Monday as it marked the 65th anniversary of Rotary International.

It also inducted two new members.

They were Robert Guest, manager of the U. S. National Bank in Lemon Grove and George Wry, vice president of Central Federal Savings and Loan in College Grove.

Also, Lemon Grove Rotary president Tom Clayton II presented three generations of Claytons to his club. His grandson, Thomas Clayton IV is a sailor now serving in the Navy. Thomas Clayton III is a Los Angeles banker and is president of the W. Los Angeles Rotary club. The two also served as a father-son commissioned officer team during WWII.

In attendance was Thomas W. Page, Rotary governor.

The first applicant in the Miss Lemon Grove contest Debbie Hannahs, of 8447 Adams st., was presented by contest chairman E. A. Mouillesseaux.

Jim Mulvaney, a Rotary past president and presently executive vice president of the U. S. National bank, viewed the financial state of the nation as principal speaker.

San Diego is being effected less by the "mini-depression" than the rest of the nation, he told the club. The type of industry brought here by planners is more depression-proof than during previous crises, he said. He cited oceanography and education as examples.

One of the reasons for inflation is that wages rise faster than production. The disparity was accelerated by the Vietnam war. If wages could be kept at about three per cent increase a year, inflation would be minimized, he said.

The cost to people on fixed income is bad but the real problem is our inability to compete in world markets, he said.

For example, inflation has boosted steel so high the U.S. cannot compete in the world automobile market, he explained.

President Nixon's program for deflation has already begun to take effect, he said. The demand for employees is slackening and corporate earnings are leveling off. The administration is cognizant of the dangers of a recession and there are forces that will be used to stem it should deflationary forces become too strong, he explained.

These controls are government employment and government spending, he said.

MV Journalists In Write-Offs

Ten Monte Vista High School students participated in county journalism write-offs sponsored by San Diego County Journalism Education Association on Feb. 19, at Grossmont Junior College.

The participants from Monte Vista were Mary Bonner, Robbie Clemesha, Julie Cotton, Richard Herzog, Paul Loop, Donna Lusitana, Scott McGaugh, Yvonne Merino, Maureen O'Reilly, and Linda Ortega.

The San Diego County Journalism Writing Contest was given at four different sites, Grossmont Junior College, Madison High School, Palomar Junior College, and Southwestern Junior College, with 200 high school journalism students participating.

The winners will be announced on March 19, as part of the annual journalism "pow-wow" sponsored by San Diego State College, after the contest entries are judged by professional newsmen.

Monarchs in Field Day

Several hundred high school students throughout the southern California area participated in Occidental Colleg'e 14th Annual Math Field Day scheduled on the College campus, February 21.

The yearly event is designed to stimulate interest in math and to recognize math ability and achievement among high school students in southern California, according to Dr. Charles Seekins, Occidental professor of mathematics, who is in charge of the field day.

Dale Bibee, Rudi Enriquez, Geri Schafer, Richard Schulman, Paul Sporleder, and Steve Subber represented Monte Vista High School at the Math Field Day at Occidental College. Miss Barbara Jones is their advisor.

ENGINEER'S ESTIMATE

Item 1. Quantity Lump Sum

Description

Construction of Traffic Signal and Lighting System

In accordance with Section 1773 of the California Labor Code, the Board of Supervisors has determined the prevailing basic rate of per diem wages, inclusive of fringe benefits, a copy of which may be seen in the office of the Clerk of the Board of Supervisors, Document No. 73(7-22-69).

The foregoing quantities are approximate only, being given as a basis for the comparison of bids, and the Board of Supervisors does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, as may be deemed necessary or expedient by the said Board of Supervisors.

All bids are to be compared on the basis of the Engineer's Estimate of the quantities of work to be done.

No bid will be accepted from a Contractor who is not licensed under Chapter 9, Division 3, Business and Professions Code, or to whom a proposal form has not been issued.

The attention of bidders is particularly directed to the provisions of Sections 8-1.01 and 8-1.02 of the Specifications regarding subcontracting and assignment of the contract, respectively.

Plans, forms of proposals, bonds, contract, special provisions and specifications may be examined at the Office of the County Engineer, Bldg. 2, 5555 Overland Avenue, San Diego, California, 92123. Copies of plans and specifications may be obtained at said Office upon payment of $8.00. If payment is made by check, it should be made payable to the "County of San Diego". NO REFUND WILL BE MADE.

No bid will be received unless it is made on a form furnished by the County Engineer, and is accompanied by the security referred to therein. Forms of bid proposal and bonds may be obtained at the County Engineer's Office.

The Board of Supervisors reserves the right to reject any or all bids, and the right to waive irregularities or informalities in any bonds or in the bidding.

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION (La Presa Zoning District)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a public hearing on March 9, 1970, at 2:00 p.m., in Room 358, Board of Supervisors South Chamber, County Administration Center, 1600 Pacific Highway, San Diego, California, on a proposal to reclassify all or part of the hereinafter described property in the La Presa Zoning District from the E-1, Estates Zone, to the R-1-A, R-2, R-3, Residence Zones and the C, Business Zone, or more restrictive zones, in accordance with the Zoning Ordinance of the County of San Diego.

Said property contains about 158 acres and is all that property located in Section 25 of Rancho de la Nacion, including property north of Paradise Valley Road, Sweetwater Road, and at both the southeast and southwest corners of Paradise Valley Road and Sweetwater Road, excepting the area southeast of the northwest right of way line of the South Bay Freeway.

The area of said property requested for change to the C Zone contains about 9.2 acres and is located both north of the Sweetwater - Paradise Valley Road intersection and at the southeast and southwest corners of said intersection.

The area of said property requested for change to the R-3 Zone contains about 13.8 acres and is located north of Paradise Valley Road from the west property line to said C Zone. The maximum depth of this area north from Paradise Valley Road is about 400 feet.

The area of said property requested for change to the R-1-A Zone contains about 45.1 acres and is located in two areas, one north of Paradise Valley Road - Sweetwater Road and the other south of Paradise Valley Road along the west property line.

The remaining area of said property is requested for change to the R-2 Zone.

Said hearing will be held pursuant to the application of Triple "K" Developments, Inc., on file in the office of the Clerk of the Board of Supervisors, Room 306 of said Administration Center, to which reference is made for further detail. At said hearing any interested person may appear and be heard.

The County Planning Commission, after holding the hearing required by law, has recommended approval of a change to the R-1-A, R-2, R-3 and C Zones, if within a period of two years from the effective date of approval by the Board of Supervisors a final subdivision map is filed on the subject property.

Steve Jurchenko Gets Navy Award

Steve Jurchenko, son of Mr. and Mrs. Steve Jurchenko of 7890 Mt. Vernon st., in Lemon Grove, has been presented with an Award Citation and the Navy Achievement Medal with a combat "V" for "recognition of his meritorious service in support of combat operations in Southeast Asia."

The medal and citation came from E. R. Zumwalt Jr., Commander, U. S. Naval Forces, Vietnam.

From June 1968 to October 1969, 16 months, Jurchenko served as second in command on a river mine-sweeping boat in Nhe Be, Vietnam.

Jurchenko was discharged in October, 1969, and is now attending Grossmont College. He is a 1965 graduate from Mt. Miguel High.

The only railroad in Cambodia, connecting Phnom Penh with Thailand, is only 240 miles long.

Sandy Good 3rd to Enter

Sandra Jean Good, is the third to enter the Miss Lemon Grove contest.

Sandy, daughter of Mrs. Lily M. Good, 8225 Palm st. in Lemon Grove, is a 5-6, 135-pound, brown-eyed and brown-haired beauty.

She's a senior at Mount Miguel High, where she's a letter carrier, a member of the concert band, girl's ensemble and a candystriper.

Forum Free to Preps

High school students will be admitted free to the final three Forum of the Foothills lectures by presenting their student body card at the door.

"The Forum has sold enough subscriptions this year to finance the speakers' fees and necessary expenses for the 1970 series. We want to enable more of the young people in the community to express their interest in current problems by attending remaining lectures at no charge," said Forum chairman Paul Parker.

Drug Class Slated

An education class for parents on drugs and drug abuse is scheduled among adult school classes at Helix High.

The first class meets tonight in room 500 at Helix, at 7 p.m.

C. R. Hoberg, director of continuation education in the Grossmont High School District, will conduct the class.

Normally, there is less snowfall in the Arctic Circle than in Chicago or New York City.

Sales Tax Lifted On Popsickles

It's true, kids. Popsickles, snow cones and the like are exempt from a sales tax bite. So says the State Board of Equalization, which made its decision retroactive to January 1.

Member Richard Nevins, who represents Southern California, said the Board spelled out the exemption in an amended ruling adopted Wednesday for the guidance of those who sell such frozen confections.

The Board exempted "flavored ice products, including popsickles and snow cones" in the wage of 1969 legislation which exempted various forms of fruit juices from the sales tax.

Sirens to Sound

The monthly test of the Civil Defense Warning sirens will be conducted at noon Monday, March 2, William B. Marty, County Administrative Officer for Civil Defense said.

Work to Start in April On Alvarado Hospital

A unique "residential" environment, providing optimum treatment conditions in a "home-away-from-home" atmosphere were among design details released this week on the new $7.4 million Alvarado Community Hospital to be built at College ave., and Interstate 8.

According to Richard K. Eamer, president of National Medical Enterprises, which will operate the ultramodern facility, site work is expected to begin in April. Completion is set for 1971.

Langdon & Wilson, architects for the project, will use various home-like interior finishes including vinyl wall coverings, carpeting and "living room" furniture in common areas to avoid typical hospital sterility.

The base building of Alvarado Hospital, containing administrative offices, admitting and emergency facilities, will be longer by 50 feet and wider by 100 feet than the six story tower for bed patients.

In the first phase parking will be provided for 500 cars.

The emergency entrance to the hospital will be on the ground floor at the east end of the building where it will be readily accessible to surface streets.

Helix Convention Set for Saturday

Helix will hold its 19th annual Nominating Convention Saturday for the offices of A.S.B. officers.

Keynote speaker will be Dr. William McGill, Chancellor of U.C.S.D.

The convention is similar to national conventions. Students are chosen to represent a state or territory of the United States from their first period classes.

About 500 persons will participate as delegates, lobbyists, pages, sergeant-at-arms, guides, candidates and officials.

Candidates for president are John Lillich, Bill Smelko and Eric Rauscher, all of La Mesa.

Vice President candidates are Berkey McDonald, Gary Stantz and Dan Todd, all of La Mesa.

Secretary candidates are Marsha Bevilacqua, La Mesa, Lori Schmidt of San Diego, Susie Williams, La Mesa, and Nancy Zitren, Lemon Grove.

Chris DeGaetano, Lemon Grove, ASB Secretary, is chairman of the event.

Madrigals To Sing

The Monte Vista Madrigals, directed by Mrs. Ruth Grouse, vocal teacher, will present a concert in the school's Little Theater, March 1.

Included in the program will be selections by Instrumental Solo and Ensemble, directed by Monte Synder, band director.

There will be two performances, one at 2 p.m. and the next at 4 p.m.

ANOTHER VIEW — This is Brenda Speck, a candidate for Miss Lemon Grove, whose picture appeared last week in these pages. Unfortunately, because of mechanical difficulties and laboratory error, harsh shadows blotted out Brenda's soft features. So, having an excuse to print pretty Miss Speck's picture again, we grabbed the opportunity.

Wadie Deddeh Runs Again

Local Assemblyman Wadie Deddeh, a Democrat, announced today that he would seek another term in the Legislature during the coming elections this year.

Deddeh said that he would appear at the Registrar of Voters tomorrow to take out nomination papers.

In making his announcement of candidacy in the 77th Assembly District, Deddeh said that he is seeking a third term because of the knowledge and skill he has gained during his first two terms in office and for the seniority that he would establish by a third term.

"This knowledge and seniority, which really means influence in the Legislature, would not be lost by the voters in my district," said Deddeh.

Deddeh, a former teacher of American government at Southwestern College in Chula Vista, was elected to the Legislature in November, 1966 and re-elected in 1968. His district covers National City, Chula Vista, Spring Valley, Imperial Beach, Paradise Hills, parts of Lemon Grove, La Mesa, San Ysidro and Encanto areas.

Duffy Fete Draws 500

Nearly 500 persons, including Mayor Frank Curran, the mayor of the City of San Diego, attended a shish-ka-bob buffet given by Lee Mattar for Sheriff's Captain John Duffy Saturday.

Mattar converted his garage building at 8260 Broadway at Sweetwater to house the turnout. The building is used at other times as Lee's Automotive.

Duffy is seeking election as sheriff of San Diego County. Mattar provided the shish-kabob and other refreshments to gather up support for Duffy. Duffy spent the day there indulging in the conventional political handshaking.

Barbara's the Best

Barbara J. Kindschi of Mount Miguel High School won the Betty Crocker Search for the American Homemaker of Tomorrow award at her school.

The winner was selected on the basis of scores in a December 2 homemaking knowledge and attitudes exam.

both Bachelor of Arts and Law degrees from Washington and Lee University. He was admitted to the Bar in Washington, D.C. and to higher courts including the U.S. Supreme Court.

Price is presently serving on the California Council on Criminal Justice Task Force on Organized Crime and the State of California's Community Relations Committee. He has served on the executive committee of the California Peace Officers Association and is now active on the community relations committee of that agency. Currently he is serving on the board for Citizens For Law Enforcement Needs and has been chapter chairman and secretary of the San Diego chapter of the Socicty of Former Agents of the FBI. He is an active member of the International Association of Chiefs of Police.

He has been chairman of the Moral Fibre Award Committee of the San Diego Kiwanis Club over a 4-year period during which 48 awards were made to San Diegans who helped local law enforcement or gave Good Samaritan service to others. For the past two years he has been serving as Vice Chairman of the Kiwanis Club's Pillars of American Freedom program.

Kanagy Sheriff

(Cont. from page 1)

Task Force Chairman of Riots and Disorders for Region California Council on Criminal Justice, and is Director for the Southern California Police Community Relations Officers Association.

Kanagy moved up from the ranks through promotions.

Among his responsibilities as Chief Deputy is that of helping coordinate and implement training procedures for the entire staff.

His extensive background in teaching includes instructor at S.D. City College for 5 years on Criminal Investigation and Police Administration; instructor at Grossmont College for 8 years on Advanced Criminal Investigations; Instructor at S.D. Sheriff's Academy for 7 years on Jail Procedures, Criminal Investigation, Court Procedures, and Public Relations; Instructor at the FBI Regional Schools in San Diego and Imperial County for 3 years on Overt and Covert Intelligence; and Instructor at Sheriff's Reserve Class for many years on Criminal Investigation.

Kanagy is a graduate of the F.B.I. National Academy in Washington, D.C. and a graduate of S.D. City College with a degree in Police Science; a graduate of S. Cal. School of Administration; and is currently attending S.D. State nearing completion of his degree in Public Safety Administration with a Certificate in Municipal Government Administration.

Kanagy stresses the need for more participation by the Sheriff's department in community meetings where police problems are discussed; a pool of investigative techniques; an exchange of information with other law enforcement agencies; a broad program of education of the youth of the community and keeping abreast of advancement in law enforcement in the fields of administration, communications, data processing and scientific techniques.

Kanagy is a member of the S. Cal. Police Training Officers Assn.; S. D. County Investigators' Assn.; Uptown Optimists Club — as director 1966 and vice president, 1967; member of Stadium Toastmasters Club, and a member of the S.D. Consistory of Scottish Rite, Al Bahr Shrine.

Prior to his career in law enforcement, he served in the U. S. Navy from 1942 until his honorable discharge in 1945. In 1940-42 Kanagy played professional baseball with the Cincinnati chain.

need to the financial supply. Pools of collateral will be established by California banks to sell deposits made by local government units.

Griffen has been active in water activities for many years. In addition to his elected post at Helix, he is director of the Metropolitan Water District of S. Cal where he is both its finance committee and water problems committee members. He is director and treasurer of the S.D. County Water Authority and a member of the executive committee of the S. Cal. Water Conference and vice president of the Irrigation Districts Assn. of California.

Griffen was once an officer of a local branch of the Bank of America.

Tumbleweed Burn Planned

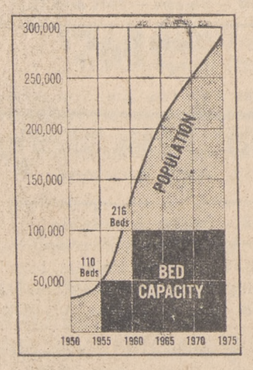
The Air Pollution Control Board has relaxed its regulations slightly during the "hazard of the tumbleweeds", it was learned this week.

Lemon Grove Fire Marshal Ray Carmody said that a limited amount of tumbleweed burning may be conducted but only under firemens' supervision.

Any resident having a pile of tumbleweeds should call Marshal Carmody at 466-0564. Carmody will visit the premises and conduct the burning "if the tumbleweeds represent a hazard," he said.

Paid for by the Citizens Expansion Committee of Grossmont Hospital — Auren M. Pierce, General Chairman, Edward Conforti, Treasurer

Is there always room at the hospital?



There should be. After all, isn't a hospital one of those necessary community services — as important as the Fire Department, the schools? It is. But this very week people are being told they must wait eight weeks for non-emergency operations at Grossmont Hospital. Fortunately, for Mr. and Mrs. Douglas Crow of Spring Valley, shown above, there was room at the hospital when it was time for their first child to be born. Six months from now other expectant mothers may have to be taken to more distant, higher-priced hospitals.

As the chart of East County population growth on the left shows, the situation is getting worse, not better.

On Tuesday, a program to expand this public medical complex to the minimum needed to serve residents will be placed before voters. The citizens who recommended this vital program urge you to vote YES to assure the best in health services for you and your family. It's *your* hospital.

It needs *your* help.
